

JENISH JOSHI

Frontend Developer & UI/UX Design Intern | Final-Year B.Tech Computer Science Student

Ahmedabad, Gujarat, India | +91 94269 08369 | jenishjoshi1210@gmail.com | [GitHub](#) | [Portfolio](#) | LinkedIn

PROFESSIONAL SUMMARY

Final-year Bachelor of Technology student specializing in Computer Science, with hands-on internship experience in frontend development and UI/UX design. Proficient in HTML5, CSS, JavaScript, AngularJS, Python, and Figma, with practical knowledge of REST APIs and Agile sprint tracking using Jira. Has led machine learning and autonomous drone projects, alongside a growing interest in Data Analytics and QA Testing. Does not claim to know everything, but brings a strong willingness to learn and a track record of putting in focused effort — a fast, dependable learner who delivers their best work when given the opportunity to grow.

TECHNICAL SKILLS

Languages & Frameworks: HTML5, CSS, JavaScript, AngularJS, Python

Development: Full-Stack Web, Frontend, Backend, Android Development, Python GUI

Design & Tools: Figma, Unreal Engine 5 (3D Modeling, Dialogue Writing), Jira, REST APIs

Hardware & Firmware: ESP32 Microcontrollers, MPU6050 IMU Sensor, ESP-NOW Wireless Communication

Leadership: Team Leadership, Agile Project Management

Areas of Interest: Data Analytics, QA Testing (Manual & API Testing)

ACADEMIC & PERSONAL PROJECTS

Beyond the Desk

Final-Year Project

- Created dialogue scripts and 3D models for an Unreal Engine 5-based legal investigation simulation game, aligning narrative and visual elements.

AI Business Intelligence System (Team Lead)

Ongoing

- Leading a team to develop an AI-driven business intelligence platform, managing task allocation and project timelines to ensure milestone delivery.

Gesture-Controlled Autonomous Drone System (Team Lead)

Group Project

- Directed design and development of a gesture-controlled F450 quadcopter using ESP32 microcontrollers and MPU6050 IMU sensors.
- Led firmware development for real-time gesture-to-motion mapping and wireless communication integration via ESP-NOW protocol.

Trip Planner

Personal Project

- Developed a Python desktop GUI application to facilitate trip itinerary planning, improving user organization and experience.

Attendance Management System

Personal Project

- Built a Python desktop GUI application for efficient attendance recording and management, streamlining administrative tasks.

WORK EXPERIENCE

UI/UX Design Intern

Jun 2025 – Jul 2025

Elsner Technologies Pvt. Ltd., Ahmedabad, India (On-site)

- Designed intuitive UI screens and interactive prototypes in Figma for client-facing web applications, enhancing user experience.
- Collaborated closely with development teams during design handoff, ensuring visual and functional consistency across projects.

Python Development Intern

Dec 2024 – Jan 2025

1Hold Solutions (Remote)

- Developed Python automation scripts that reduced manual effort by streamlining repetitive internal workflows, improving operational efficiency.

Frontend Developer Intern

Jul 2024 – Aug 2024

Elsner Technologies Pvt. Ltd., Ahmedabad, India (On-site)

- Developed and maintained responsive web pages using HTML, CSS, and JavaScript, improving site accessibility and performance.
- Implemented dynamic client-facing features using AngularJS components, enhancing user engagement.

EDUCATION

Bachelor of Engineering (B.E.) in Computer Science

Jun 2024 – Mar 2027

Indus University, Ahmedabad

Diploma in Computer Science

Apr 2022 – Nov 2024

Dr. Subhash University, Gujarat

Participated in Smart India Hackathon

LANGUAGES

English, Hindi, Gujarati
